World Credit Union Conference – Hotel Booking Form

Booking Policy: Support WOCCU by Arranging Your Group's Accommodations with Us

To ensure a seamless and successful World Credit Union Conference experience, we strongly encourage all members to book their accommodations directly through the World Council. While not mandatory, this step is critically important to the success of the event.

Booking through WOCCU helps us:

- Avoid costly attrition penalties from hotels due to unused contracted room blocks.
- Secure competitive group rates and added amenities negotiated on your behalf.
- Ensure your convenience by grouping attendees in conference hotels near the venue.
- Reinvest event savings into future programming, education, and networking experiences.

By booking with WOCCU, you support the long-term sustainability and quality of the World Credit Union Conference. We appreciate your cooperation in this vital effort.
