

# Monthly Giving Enrollment Form

World Council of Credit Unions

Access to financial services and resources has the power to transition families from everyday survival to long-term planning for the future. In many countries, millions of people are looking for the chance to work their way out of poverty, yet there is no local bank or credit union to provide small business loans or help build savings.

With your monthly support we collaborate with developing country credit unions to share best practices, expand knowledge and improve expertise to reach the unbanked.

To enroll in our monthly giving program, please complete, sign and return this form to the address below. You can give monthly through your credit card or checking account. Thank you!
